Executive Bio

Coastal Bend Distilling Company was founded by visionary entrepreneur Kenneth Bethune who co-owns with his wife, Eveline. Born and bred in South Texas, Mr. Bethune made rural Beeville his hometown in 2012 when he set up a legal practice and established his family home in this historic Coastal Bend community. He appreciated the close-knit camaraderie and the elegant simplicity of small-town life. Bethune wanted to give back to his community by building something that would reinvest in the rural economy and grow Beeville as a destination in South Texas.

Never one to fear the unknown, the Bethunes founded Coastal Bend Distilling Co. to provide quality spirits with a South Texas personality. Under the managing leadership of Kenneth, the distillery offers an exclusive portfolio of spirits, including vodka, gin, rum, whiskey and blue agave spirit.

The Bethunes want Coastal Bend Distilling Co. to be more than just another distillery. The company will host events and provide a unique tasting room experience in addition to achieving distribution goals. A visit to Coastal Bend Distilling Co. will give guests a completely unique and memorable South Texas experience and quality spirits best enjoyed in the company good friends & good music.

The Coastal Bend Distilling Co. brand is a regional industry leader; one of the first to capture this niche in the regional market with a story and purpose behind the brand. No other distillery provides a distinct South Texas experience like we do.
