DISTILLER

DESCRIPTION

Coastal Bend Distilling, Company LLC is looking for an experienced distiller to join our team. Coastal Bend Distilling, Co. has been producing spirits in South Texas since 2019 and is well known and respected in the craft community. Our current focus is distilling and bottling our four products: Live Oak Vodka, Lucky Star Gin, Colonel Fannin Blended Whiskey and Louisiana Purchase Single Barrel Whiskey. We have an aggressive three year plan for growth which will include transitioning from sourced/GNS products to craft-distilled products, adding a rum to our product portfolio, and producing enough bottles to meet distribution needs. The distiller's responsibilities will include managing and overseeing production, record keeping & reporting.

Coastal Bend Distilling, Co. is a small operation personnel-wise; the ideal candidate is someone who has experience in all distilling and production activities and the temperament to work well with a close-knit team.

The distiller is responsible for training and supervising all stillhouse procedures, production staff/volunteers and will be involved any potential production hiring in the future. The distiller is responsible for daily production including mashes, fermentations, distillations, barreling, proofing, blending and bottling. The distiller is responsible for maintaining the cleanliness of the stillhouse and equipment. In addition, the distiller is responsible for keeping daily logs of production activity as required by State, Federal and Company policies. The distiller will also be responsible for creating and adhering to production schedules, ordering supplies and troubleshooting equipment performance issues.

SALARY & BENEFITS

- This is a full-time, salaried exempt position. Salary is based on proven distilling and production experience.
- Annual bonus upon meeting production goals.
- Per year: Six paid national holidays; Five paid vacation days in the first year, ten in following years; Five paid sick days per year.

REQUIREMENTS

- Minimum 2 years experience in distilling
- BA/BS undergraduate degree preferred
- Experience in production planning, facility management and managing a team
- Ability to lift 50-75 lbs repeatedly and be on your feet most of the day
- Strong math skills and verbal and written communication skills
- Must be able to use distillery software such as Whiskey Systems or Still House
- Strong organizational and planning skills with constant attention to detail
- Must be at least 21 years of age with clean, valid driver's license
